## Inputs

Minimum of a 16 channel digital mixing desk.

Ye Vagabonds require at least 6 active DIs, please ensure you have enough. Or inform us if we need to bring some.

See input list on next page for the rest.

## Outputs

Ye Vagabonds will require 3 separate monitor mixes with at least 4 monitors.

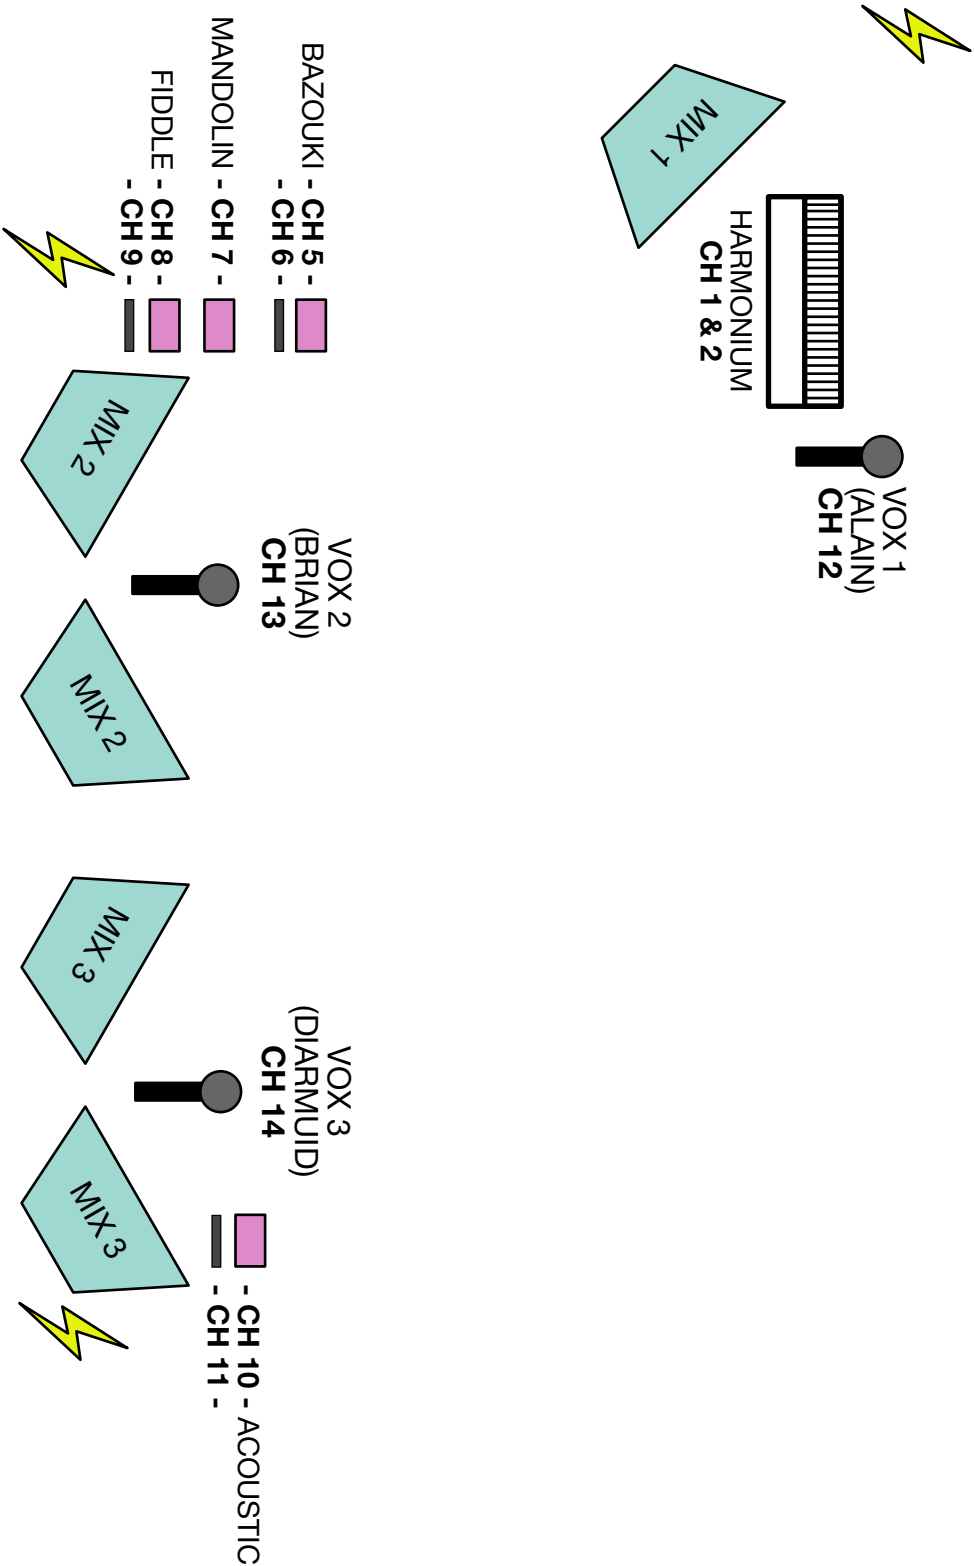

I will need a mono output to send to an FX unit returning as stereo.

### Input List

| Input | Instrument         | Mic / DI           | Processing | Notes      | Position |
|-------|--------------------|--------------------|------------|------------|----------|
| 1     | Harmonium L        | SDC / CLIP         |            | Short Boom | USR      |
| 2     | Harmonium R        | SDC / CLIP         |            | Short Boom | USR      |
| 3     | Bazouki            | Active DI          |            |            | DSCR     |
| 4     | Bazouki            | SDC                |            | Short Boom | DSCR     |
| 5     | Mandolin           | Active DI          |            |            | DSCR     |
| 6     | Fiddle             | Active DI          |            |            | DSCR     |
| 7     | Fiddle             | SDC / CLIP         |            | Tall Boom  | DSCR     |
| 8     | Acoustic           | Active DI          |            |            | DSCL     |
| 9     | Acoustic           | SDC                |            | Short Boom | DSCL     |
| 10    | Vocal 1 (Alain)    | sm58               |            | Tall Boom  | USR      |
| 11    | Vocal 2 (Brian)    | sm58               |            | Tall Boom  | DSCR     |
| 12    | Vocal 3 (Diarmuid) | sm58               |            | Tall Boom  | DSCL     |
| 13    | Vocal FX RTN L     | V FX stereo return |            |            | At Desk  |
| 14    | Vocal FX RTN R     | V FX stereo return |            |            | At Desk  |
| 15    |                    |                    |            |            |          |
| 16    |                    |                    |            |            |          |
