TOTAL 6				

broadcaster's signature

X _____

We do not have a dedicated sound engineer

Sound checks must be completed at least one hour before the presentation

The concert can be presented in one or two parts, for a maximum total of 80 minutes.

The concert can also be presented without a sound system if the location allows it.

The check must be made out to La compagnie du Nord and delivered before the start of the concert

The broadcaster must provide:

BACKLINE:

- 2 monitors on 2 mixes
- 3 boom stands
- Two high stools
- Acoustic speakers and stereophonic amplification with 3 active voices of adequate power
- The lighting estimate for the room must also be adequate
- It is important that the technique is installed
and tested before the arrival of the group
- The scene must be plugged (patched) according to the order of this tech sheet
- Towels and a source of water to fill the personal bottles of the artists
- Alcoholic and non-alcoholic refreshments, but without plastic bottles please.
6 beers from local microbreweries (love IPA's) and one bottle of white wine
- **Before the concert, snacks(cheese and vegetables) and meals for two peoples**
