**François-Félix Roy:** Guitar, Vocals, Foot percussion  
**Fiachra O'Regan:** Uilleann pipes, Whistles, Banjo, Bouzouki, Vocals

## Amplification

The Venue must provide a sound engineer, as well as the following equipment:

- A tuned acoustic piano or a digital piano (with **88 weighted keys** and sustain pedal) as well as a **piano bench** must be provided by the venue. Yamaha P series, or similar quality is required (Yamaha P125 is preferred). Amplification (not included in our input list) must be provided for the piano. Adequate lighting should be provided to see the keyboard clearly.
- 3 boom stands (vocals)
- 2 short boom stands (uilleann pipes)
- 3 SM58 microphones
- 1 SM57 microphone
- 4 monitors with separate mixes
- 4 armless chairs
- Sound system suited to the venue with a minimum of 14 inputs
- All cabling, accessories and DI's to suit the input list

## Stage specifications

The band requires a minimum stage size of 12 feet wide by 8 feet deep. If outdoors, provisions must be made for protection from wind/rain for band and equipment.

## Sound check & Schedule

The equipment outlined in the stage plot should be in place and working before soundcheck time to allow for efficient soundcheck. The band requires 60 minutes for installation and soundcheck. Adequate time should be allowed between soundcheck and showtime to allow the band to eat comfortably and arrange merchandise. Please confirm schedule with the Technical Director once contracts are finalised:
