

ALASDAIR FRASER BAND

<https://alasdairfraser.com/alasdair-fraser-band-bio-photos>

Alasdair is excited to announce he will be touring in October and November this year with Galen Fraser and Maria San Miguel, of [San Miguel Fraser](#) as well as his younger son Cameron Fraser on guitar!! Check out our tour dates at <https://alasdairfraser.com/events>

A powerful new family collaboration brings together legendary Scottish fiddler Alasdair Fraser with his sons Galen and Cameron Fraser and Galen's Castilian wife, María San Miguel. Rooted in the traditional Scottish repertoire that has shaped Alasdair's musical life, as well as a deep association with the Iberian peninsula, the quartet expands outward into a vibrant, contemporary sound world, combining the diverse musical explorations of all members of this exciting new band. With generations of musical

influence, family chemistry and a shared instinct for adventure, the group brings fresh energy to old traditions—moving effortlessly between fiery dance tunes, lyrical airs, original compositions and unexpected musical journeys. It is music grounded in heritage, alive in the present, and propelled by the sheer joy of playing together.

GALEN FRASER & MARIA SAN MIGUEL

San Miguel Fraser is redefining folk music with their dynamic fusion of Castilian and Celtic traditions. The duo, featuring María San Miguel—an Oviedo Conservatory graduate deeply rooted in the vibrant music of Castile—and Galen Fraser—a Berklee College of Music alumnus and son of the legendary fiddler Alasdair Fraser, blends heartfelt vocals, intricate string arrangements, and the lively charm of the cittern. Their music celebrates the shared spirit of their homelands while embracing the beauty of innovation. [Website](#)

CAMERON FRASER has a deep love for traditional music and a knack for making tunes groove. Raised in a lively musical household, he was immersed in Scottish and Celtic traditions from an early age. He's spent countless nights in Glasgow sessions, where he honed his rhythmic drive and melodic style.
